## VISION

*Creating a future worth living.  
 For patients. Worldwide. Every day.*  
 This vision guides us in our efforts to give our patients around the world a better life by offering them high-quality products and outstanding health care.

## MISSION

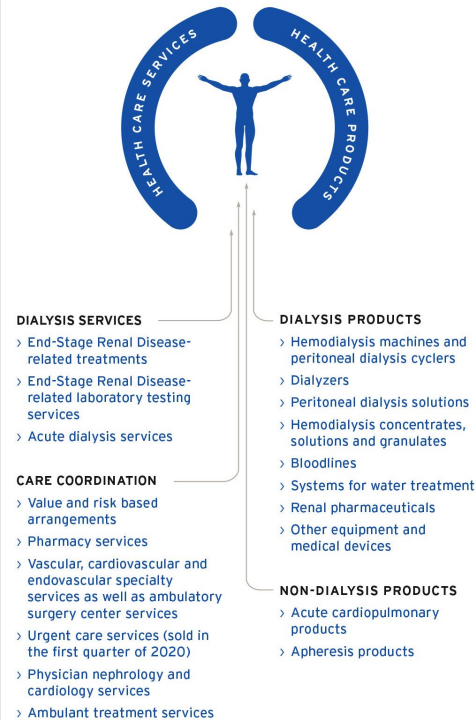

We provide the best possible care. Sustainably in diverse health care systems. For a growing number of patients around the world.

## STRATEGY

As part of the next level of our Strategy 2025, we intend to go a step further and provide health care for chronically and critically ill patients across the entire renal care continuum. We aim to use our innovative, high-quality products and services to offer sustainable solutions at a reliable cost.

## PRODUCTS AND SERVICES

As a vertically integrated company, our portfolio encompasses a comprehensive range of high-quality health care products and services as well as various dialysis treatment options for both in-center and home dialysis.

## DIALYSIS

Dialysis is a life-saving blood cleansing procedure that substitutes the function of the kidney in case of kidney failure.
