VISION

*Creating a future worth living.
For patients. Worldwide. Every day.*
This vision guides us in our efforts to give our patients around the world a better life by offering them high-quality products and outstanding health care.

MISSION

We provide the best possible care. Sustainably in diverse health care systems. For a growing number of patients around the world.

STRATEGY

As part of the next level of our Strategy 2025, we intend to go a step further and provide health care for chronically and critically ill patients across the entire renal care continuum. We aim to use our innovative, high-quality products and services to offer sustainable solutions at a reliable cost. Our commitment to sustainability is an integral part of our strategy.
