Safe harbor statement: This presentation includes certain forward-looking statements within the meaning of Section 27A of the U.S. Securities Act of 1933, as amended, and Section 21E of the U.S. Securities Act of 1934, as amended. Forward-looking statements are inherently subject to risks and uncertainties, many of which cannot be predicted with accuracy or might not even be anticipated. The Company has based these forward-looking statements on current estimates and assumptions which we believe are reasonable and which are made to the best of our knowledge. Actual results could differ materially from those included in the forward-looking statements due to various risk factors and uncertainties, including changes in business, economic or competitive conditions, changes in reimbursement, regulatory compliance issues, regulatory reforms, foreign exchange rate fluctuations, uncertainties in litigation or investigative proceedings, cyber security issues and the availability of financing. Given these uncertainties, readers should not put undue reliance on any forward-looking statements. These and other risks and uncertainties are discussed in detail in Fresenius Medical Care AG & Co. KGaA’s (FMC AG & Co. KGaA) Annual Report on Form 20-F under the heading "Forward-Looking Statements" and under the headings in that report referred to therein, and in FMC AG & Co. KGaA’s other reports filed with the Securities and Exchange Commission (SEC) and the Frankfurt Stock Exchange (Frankfurter Wertpapierbörse).

Forward-looking statements represent estimates and assumptions only as of the date that they were made. The information contained in this presentation is subject to change without notice and the company does not undertake any duty to update the forward-looking statements, and the estimates and assumptions associated with them, except to the extent required by applicable law and regulations.

If not mentioned differently the term net income after minorities refers to the net income attributable to the shareholders of Fresenius Medical Care AG Co. KGaA. The term EMEA refers to the region Europe, Middle East and Africa. Amounts are in Euro if not mentioned otherwise.

Implementation of measures as presented herein may be subject to information & consultation procedures with works councils and other employee representative bodies, as per local laws and practice. Consultation procedures may lead to changes on proposed measures.

Q3 2022
Assumptions FY2022 operating income:

- Macro-economic inflation and supply chain costs of around EUR 230m
- COVID-19: Impact of accumulated excess mortality of around EUR 100m
- U.S. labor costs are expected to be around EUR 100m net of support from U.S. Provider Relief Fund in excess of the 3% base wage inflation assumption
- U.S. ballot initiative expense of EUR 20 to 30m
- Business growth of EUR 20m
- Personal protective equipment cost reduction to be around EUR 20m
- FME25 savings of EUR 40 to 70m
- Remeasurement effects on the fair value of investments are expected to be volatile but neutral on a full year basis; for guidance relevant comparison, the Humacyte investment remeasurement is treated as special item
- No meaningful further impact from natural gas shortages or suspension of gas supply to affect manufacturing sites
