Declaration by the Management Board of the general partner of Fresenius Medical Care AG & Co. KGaA, Fresenius Medical Care Management AG, and by the Supervisory Board of Fresenius Medical Care AG & Co. KGaA on the German Corporate Governance Code pursuant to Section 161 German Stock Corporation Act (Aktiengesetz)

The Management Board of the general partner of Fresenius Medical Care AG & Co. KGaA, Fresenius Medical Care Management AG, (hereafter: the Management Board) and the Supervisory Board of Fresenius Medical Care AG & Co. KGaA declare that since issuance of the previous declaration of compliance in October 2019 the recommendations of the “German Corporate Governance Code Government Commission” published by the Federal Ministry of Justice and Consumer Protection in the official section of the Federal Gazette (hereafter: the Code) in the version of February 7, 2017 since publication thereof in the Federal Gazette have been met and will be met in the future. Only the following recommendations of the Code in its version of February 7, 2017 have not been met and will not be met to the extent described below:

Code number 4.2.3 paragraph 2 sentence 6: Caps regarding specific compensation amounts

Pursuant to Code number 4.2.3 paragraph 2 sentence 6, the amount of compensation for Management Board members shall be capped, both overall and for variable compensation components.

This recommendation is not met. The service agreements with members of the Management Board do not provide for caps regarding specific amounts for all compensation components and accordingly not for caps regarding specific amounts for the overall compensation. The performance-oriented short-term compensation (the variable bonus) is capped. As regards stock options, phantom stock and performance shares as compensation components with long-term incentives, the service agreements with members of the Management Board do provide for a possibility of limitation but not for caps regarding specific amounts. Introducing caps regarding specific amounts in relation to such stock-based compensation components would contradict the basic idea of the members of the Management Board participating appropriately in the economic risks and opportunities of the Company. Instead of that, Fresenius Medical Care pursues a flexible concept considering each individual case. In situations of extraordinary developments in relation to the stock-based compensation which are not related to the performance of the Management Board, the Supervisory Board may cap the stock-based compensation.

Code number 4.2.3 paragraph 4: Severance payment cap

Pursuant to Code number 4.2.3 paragraph 4, in concluding Management Board contracts, care shall be taken to ensure that payments made to a Management Board member on premature termination of his/her contract, including fringe benefits, do not exceed the value of two years’ compensation (severance payment cap) and compensate no more than the remaining term of the employment contract. The severance payment cap shall be calculated on the basis of the total compensation for the past full financial year and if appropriate also the expected total compensation for the current financial year.

These recommendations are not met insofar as the employment contracts of the members of the Management Board do partially not contain severance payment arrangements for the case of premature termination of the contract and consequently do not contain
Convenience translation

a limitation of any severance payment amount insofar. Uniform severance payment ar-
rangements of this kind would contradict the concept practiced by Fresenius Medical Care
in accordance with the German Stock Corporation Act according to which employment
contracts of the members of the Management Board are, in principle, concluded for the
period of their appointment. They would also not allow for a well-balanced assessment in
the individual case.

**Code number 4.2.5 paragraph 3:**
**Presentation in the compensation report**

Pursuant to Code number 4.2.5 paragraph 3, the presentation of the compensation for
each individual member of the Management Board in the compensation report shall inter
alia present the maximum and minimum achievable compensation for variable compen-
sation components by using corresponding model tables.

Fresenius Medical Care, in deviation from Code number 4.2.3 paragraph 2 sentence 6,
does not provide for caps regarding specific amounts for all variable compensation com-
ponents and, therefore, does not provide for caps regarding specific amounts for the
overall compensation. In this respect, the compensation report cannot meet the recom-
mendations of the code. Irrespective thereof, Fresenius Medical Care will continue to pre-
sent its compensation system and the amounts paid to members of the Management
Board in its compensation report in a comprehensive and transparent manner. The comp-
ensation report will include tables relating to the value of the benefits granted as well as
to the allocation in the year under review which follow the structure and largely also the
specifications of the model tables.

**Code number 5.1.2 paragraph 2 sentence 3:**
**Age limit for members of the Management Board**

Pursuant to Code number 5.1.2 paragraph 2 sentence 3 an age limit shall be specified for
members of the Management Board. As in the past, Fresenius Medical Care will refrain
from determining an age limit for members of the Management Board in the future.
Complying with this recommendation would unduly limit the selection of qualified candi-
dates.

**Code number 5.4.1 paragraph 2 and paragraph 4:**
**Specification of concrete objectives regarding the composition of the Superviso-
ry Board and their consideration when making election proposals**

Pursuant to Code number 5.4.1 paragraph 2 and paragraph 4, the Supervisory Board
shall specify concrete objectives regarding its composition and shall prepare a profile of
skills and expertise for the entire Supervisory Board. Within the company-specific situ-
tion the composition of the Supervisory Board shall reflect appropriately the international
activities of the company, potential conflicts of interest, the number of independent Su-
ervisory Board members within the meaning of Code number 5.4.2, an age limit and a
regular limit to Supervisory Board members’ term of office, both to be specified, as well
as diversity. Proposals by the Supervisory Board to the General Meeting shall take these
targets into account, while simultaneously aiming at fulfilling the profile of skills and ex-
pertise of the entire Supervisory Board. The status of the implementation shall be pub-
lished in the Corporate Governance Report. These recommendations are partly not met.

The composition of the Supervisory Board needs to be aligned to the enterprise's interest
and has to ensure the effective supervision and consultation of the Management Board.
Hence, it is a matter of principle and of prime importance that each member is suitably
qualified. When discussing its election proposals to the General Meeting, the Supervisory

Board will take into account the international activities of the enterprise, potential conflicts of interest, the number of independent Supervisory Board members within the meaning of Code number 5.4.2, and diversity, while simultaneously aiming at fulfilling the profile of skills and expertise of the entire Supervisory Board.

In the enterprise's interest not to limit the selection of qualified candidates in a general way, the Supervisory Board, however, confines itself to pursue self-defined targets for the representation of female Supervisory Board members and particularly refrains from an age limit and from a duration limit on the term of membership. Instead, the Supervisory Board shall also consist of members with long-term experience and thus individuals who are generally older in order to ensure a balanced ratio of Supervisory Board members of diverse age and various terms of membership.

Bad Homburg v.d.H., December 2019

Management Board of the general partner of Fresenius Medical Care AG & Co. KGaA, Fresenius Medical Care Management AG, and Supervisory Board of Fresenius Medical Care AG & Co. KGaA
